AsthmaGone? How Asthma Symptoms Disappeared In Six Months

FAQ: MOST FREQUENTLY ASKED QUESTIONS

Notes:

1. According to information published in Nov. 2008: 5,000 people with asthma die from using a major asthma medication.
2. According to the U.S. CDC:
 - A. EACH FAMILY OF AN ASTHMATIC PERSON LOSES THE AVERAGE OF \$1,000 A YEAR FOR ALL EXPENSES CONCERNING ASTHMA.
 - B. 20 Millions suffer from Asthma. We believe at least 20 millions more suffer from bronchitis, irritative cough and related lung problems.
 - C. 500,000 hospitalization every year
 - D. 5,000 mortality
 - E. \$12.7 Billion dollars damage to economy every year.

1. IS THERE ANY FEDERAL APPROVAL?

Answer: There is no need for any government approval. Since the "food" is a natural grain and a dietary supplement, it does not fall under any medical or food approvals. It has been on the market for generations. Recall that we do not make any claim. We only state the facts of good experience of people who were treated by Dr. Julien D. Koder. and those who received the information from AsthmGone company.

2. Q. IF IT IS SO GREAT, WHY IS IT NOT KNOWN?

Answer:

- a. You may be aware of the attitude of physicians toward natural food.
- b. Presented as a dietary supplement, it has to gain credibility, based on experience. That is being done, slowly, and it takes time, efforts and money.
- c. The medical world does not pay attention to any discovery that was not published in prestigious medical magazines, know as medical reviews. Such publication may be only after long and expensive research. The question is: Shall people wait many years until someone will invest millions, or shall people try to give themselves a chance that cost only \$45 dollars?

3. Q. IS THIS A MEDICAL TREATMENT?

Answer: No, and it cannot be claimed as such. This is a natural food process, absolutely not a medical treatment. Thus, NO MEDICAL CLAIMS ARE MADE.

By publishing Dr. Koder's process, I just put in writing what I exactly did, according to Dr. Koder's instructions. I can't and am not allowed to make any medical claims, nor do I wish to do so. In fact, I took extra measures of caution and published a clear disclaimer about this fact.

4. Q. WHAT IS THAT "NATURAL GRAIN"?

Answer: If you read the information provided, you will learn that there are more than 37 types and forms of main elements involved in the grain. Everything is explained in the book. That is basically Omega Oil Fatty Acids.

If the official name is released without reading the book, the reader may get the wrong type of the grain, use it without instructions, and thus fail.

Also, the book contains various warning that are important for the users to know. For example, you must continue all medications given by a doctor while taking the natural food.

5. Q. WHY IS IT NOT FREE? and WHY DO WE HAVE TO SELL THE PROCESS?

Answer:

It was just coincident that the author owns the publishing company. Money has been invested in this project like any other project, and it took tremendous efforts to put professional people, doctors, marketing, editors, etc to make it through. In addition, publishing is expensive and there are many costs. It cannot be expected that a company will put together a large project like this one and give it away. This is especially true for a small business.

However, we are doing a great public service, and the question is not the money. According to the U.S. CDC, an asthma user spent the average of \$1000 a year on medications and other costs. One hand inhaler costs \$15, more the cost of the book. In light of the high costs for medical treatment, the cost for the book and the grain is extremely low.

6. Q. WHY DO YOU SAY "ASTHMA SYMPTOMS" AND NOT ASTHMA?

Answer: The name of the book - as a family experience - means that the asthma symptoms of my family members and other people **have gone** - disappeared. I cannot claim that the asthma of other people has disappeared, but it is fine to claim that **the symptoms of the asthma have disappeared.**

It is assumed that the medical community claims that right now, there is no known cure for asthma. Although I believe that for at least some diseases, is the symptoms do not repeat in one year, it is considered cure, but these are medical terms. Frankly, it does not matter. None of the people who used this process had symptoms came back, and the success is extraordinary.

My statement relates to my family members and other people who were treated by Dr. J. Koder, and this is what I can state. I can only say, based on the record and the treatment by Dr. J. Koder, that the asthma symptoms of these people have gone.

7. Q. HOW MUCH THE BOOK COSTS?

Answer: See "order".

TOTAL COST INCLUDES S&H: \$19.50 Arizonan: \$20.75 with Tax. Canada: \$28.50

8. Q. HOW MUCH THE GRAIN ("FOOD") COSTS":

Answer:

We **do not request** that you buy the GRAIN. We leave it up to you, after you read the book and are ready to start the process, or to apply it on a family member.

ONLY THEN, you may either buy it from us, or get a sample (instructions for that in the book).

To buy from us, the entire quantity for the entire duration of the process - **6 months-** costs only **\$45**. (price may be changed without notice due to industry and economy.)

Bottom line: You have the best deal of your life.

AsthmaGone? How Asthma Symptoms Disappeared In Six Months

• MEDIA ALERT •

A CURE FOR ASTHMA & BRONCHITIS MAY HAS BEEN FOUND: Dr. Koder's process

TEMPE, ARIZONA..... Nothing is more convincing that a simple cooking process that cured people from asthma and bronchitis than the attached testimonials. These people, and hundreds of others, used Dr. Julien Koder's 6-months natural grain cooking process, whereby all asthma-bronchitis symptoms disappeared. The process is well described in Joseph Tsiyoni's book "**AsthmaGone? How Asthma Symptoms Disappeared In Six Months**".

Mr. Tsiyoni claims that this is the only known process which helps people who suffer from asthma, bronchitis, coryza and irritative Cough. All existing medications can only relieve attacks and pain until the next episode. Nothing prevents attacks, hospitalization; nothing is as helpful but Dr. Koder's proven process. Millions, including public dignities, movie stars and singers, have been missing a great opportunity to enjoy this natural process, instead of taking many medications and suffer. Spending \$45 could have changed their lives forever.

"AsthmaGone" reveals Dr. J. Koder's 6-month natural grain cooking process, which eliminated all asthma and bronchitis symptoms of hundreds of people each in 6 months, using only \$45 worth of a natural grain. The process described in Tsiyoni's book, along with information on omega oils (in the grain) is simple, and easy to use. Note that Omega Oils have been the main element in a massive world-wide research for a cure for asthma. (Dr. Taussig's letter.)

Author Joseph Tsiyoni says that he had helped many people, and that he can "*prove it with medical records and testimonials.*" He says it is worth it to spend \$45 on a natural grain, rich in omega oils, just to have a life-time chance, as many people did. He added "*Considering doctors visits, hospitals and medication costs, can an asthmatic person afford not to try it?*"

Following are quotes from letters of extremely satisfied users of the amazing process.

Amenda Stanwood: "*I have had great success...I was using (2) inhalers (4) times daily...The [my] Dr. was putting me on Advair– I quite by chance fell upon your book....**I thank god I was led to your process**... I thank u for this wonderful process...**My Life is much Better-I can Breathe Thank you!**"*

Clint Collins: "*...after just two months of eating the natural grain, I had significant reduction...and after another few months, I did not need any medication... **I can honestly say: my asthma has gone.***"

James Matt: "*Dear Joseph:how wonderful "Dr. Koder's Asthma Process" is, and how the grain worked wonders for my 6-year old son, Michael...my son's asthma in six months seems to be **totally gone.** ... Now he takes nothing.... **THANK YOU VERY MUCH.**"*

Mrs. Dahan: "*...the cooking process....created miracles for our son, who has recovered from his severe illness...Six months ago we were hopeless...Today...our son does not need any inhalations... or treatment...He does not cough, and feels wonderful....We are grateful to you ... the process (of) Dr. Julien Koder is a **perfect success.**"*

Mr. Tsiyoni credits the success to the high amount of omega oils and the cooking process itself, which he believes should be the official **cure for asthma and bronchitis.**

AsthmaGone? How Asthma Symptoms Disappeared In Six Months

The World's Only Way To Eliminate Asthma And Bronchitis Symptoms

SUMMARY: SCIENTIFIC DATA-EVIDENCE & TESTIMONIALS

A. OMEGA FATTY ACIDS:

THE SUCCESS OF Dr. Koder's "AsthmaCare Cooking Process[□]".

I believe that, based on the large amount of Omega Oil Fatty Acids (3, 6, & 9) in the grain, and the cooking process developed by Dr. Koder, the process helped many people. There are three types of Omega Oils involved in Dr. Koder's process:

1. **OMEGA-3 FATTY ACID (Linolenic):** Found in fish, soybean, Canola Oil, and, of course, in a high quantity in the grain used for Dr. J. Koder's process.
2. **OMEGA-6 FATTY ACID (Linoleic):** Found in corn, soybean, safflower oil, and, of course, in the grain related to the "*AsthmaCare Cooking ProcessTM*".
3. **OMEGA-9 FATTY ACID:** Found mostly in the grain used for the process.

B. SAMPLE OF SUCCESS:

Amenda Stanwood: "*I have had great success...I was using 2 inhalers 4 times daily...my Dr. was putting me on Advair .I thank god I was led to your process... I thank you for this wonderful process...**My Life is much Better- I can Breathe.**"*

Clint Collins: "*...after just two months of eating the natural grain, I had significant reduction...and after another few months, I did not need any medication... **I can honestly say that my asthma has gone.***"

James Matt: "*Dear Joseph:how wonderful "Dr. Koder's Asthma Process" is, and how the grain worked wonders for my 6-year old son, Michael...my son's asthma in 6 months seems to be **totally gone.** Now he takes nothing.. thank you very much."*

C. DATA FROM NATIONALLY PUBLISHED RESEARCHES, MEDICAL PUBLICATIONS AND USERS OF THE PROCESS.

1. AZ Republic/AP Grant Peck, 1198, from Global Lung Conference, Bangkok: "*...evidence suggest that intake of omega-3...may be beneficial in keeping the disease away", and "Omega-3 has also been linked to healthy cardiovascular and immune system and the development and function of the brain and eyes".*
2. AZ Republic, 11/2001: "medical advice by Joe & Teresa Graedon": Confirmed that researches found that Omega-3 fatty acids found in the grain "have anti-inflammatory action, which might be helpful against asthma. Studies in Japan & Australia suggest that "*children prone to asthma might benefit from Omega 3.*"

3. CNN, 2/96 reported that Omega Oil found in fish reduces asthma attacks.
 4. AZ Republic/AP 9/97: the Indian Goud family has been treating asthmatic people
- Page Two, Scientific Data

using a 152-year-old secret formula of fish and herbs. (Assumed same grain.)

5. Dr. Julian Whitaker, the publisher of Health & Healing:
 - A. 2/02: "A 2001 Duke University study showed that flax grain may actually slow tumor development in men with prostate cancer."
 - B. 8/01: "*GB of Texas had just read my approach for lowering cholesterol with fresh ground flaxseed...after just 20 days his cholesterol level had dropped 20 points, and within one month it was 166 - a 111-point improvement.*"
6. On 2/4/1996, UPI reported that Omega Oil reduces asthma attacks in children.
7. Nobel Prize for Medicine was given to Dr. J. R. Vane in 1982 for his work proving how the metabolism of Omega-3 Oil helped prevent heart problems.
8. Dr. Britton J., University of Nottingham, Respiratory Medicine City Hospital, UK, 1995: "Dietary Fish Oil and Airways Obstruction"
9. Dept. of Internal Medicine, University of Iowa College of Medicine, 1995: "*Omega-3 Oil Fatty Acids..[plays a big rule] in Human Respiratory Diseases*".
10. Dr. Knapp HR, University of Iowa College of Medicine, 1994: "*Omega-3 Fatty Acids and Respiratory Diseases*" support the use of Omega-3 Oil.
11. Multiple authors and Sakai K., Nagoya City University, 1994: "Fatty Acid.....Asthma Patients". They support Omega-3 claims.

D. SUMMARY:

1. Omega Oil Fatty Acid is a major factor in asthma treatment. It is assumed that after the "AsthmaCare Cooking Process™" gets recognition, researchers will find the scientific reason for its contribution and its effectiveness.
2. The medical community and the media ignore ideas not provided by known medical institutions and without PPRR (Published Peer Reviewed Research). However, the facts here prove hundreds, if not thousands people were cured from the asthma and bronchitis. Thus, despite AsthmaGone company not being a recognized medical institution, this process *should be immediately recognized and applied world-wide*. Curing asthma for \$45 is a medical miracle if it worked.
3. The author indicates that anyone who wishes to use the process must read the book "*AsthmaGone? How **Asthma Symptoms Disappeared In Six Months***", and follow the instructions completely. Using the process without reading the book and following the instruction and the warning may be dangerous.

The book is available for a cost of only \$14.50 plus \$5 S+H. Arizonans add Tax.

Joseph Tsiyoni, a professional analyst, inventor and author of ten books, now feels a responsibility and obligation to make Dr. Koder's natural cooking process available to the public. The increase number of people who have been helped makes such obligation even more, as all those people had no other hope. So far, hundreds of people have been cured from asthma, bronchitis, coryza and irritative cough.

Dr. Julien Koder's Asthma Cooking Process

Using Natural Grain In Dr. J. Koder's Asthma Process

It is not clear whether the "one-year free of symptoms" constitutes CURE for the asthma and bronchitis. However, the author of this book prefers not to deal with this question. It is easier and safer to state

"To date, there is no known cure for asthma or bronchitis".

Yet, many people no longer suffer from asthma or bronchitis because the symptoms of these diseases DISAPPEARED after six months using Dr. Julien Koder's AsthmaCare Cooking ProcessTM of a pure natural grain. The fact is that many people no longer suffer, and many testimonials, some of which have been published with the signature of the writers, are PROOF that this process helped them rid all symptoms.

This is a remarkable story of how, using the natural grain, all asthma and bronchitis symptoms of so many people disappeared in six months. **Why?**

Dr. Julien D. Koder developed a process to treat his patients suffering from asthma, bronchitis coryza and irritative cough. See many testimonials in the "testimonials" page.

Please note that, due the governmental restrictions and rules, we avoid making any future statement. It is safer, accurate, and true to state all future "PAST", even if the 'past' is until this morning. No one can dispute the facts of the past. Thus, in light of the suffering, and monetary expenses, and the extreme side affects of the drugs doctors prescribe, and because the entire process takes up to six months, and the grain costs under \$45, the question you should ask your self is:

Can Dr. Koder's AsthmaCare Process help you too? Should you start it immediately?

Due to the tremendous results over the years, some which are reflected from the TESTIMONIAL of real people who have been helped, and who are thankful to Dr. Koder's process, and because the process is so simple and proven to be excellent, I believe that you will make the right decisions.

AUTHOR'S NOTES

How can I interest you in spearheading the awareness of a simple, inexpensive, all-natural process that can help 30 million people? A proven process that has helped hundreds, as testimonials show, rid themselves of the asthma symptoms.

When Dr. Julien Koder asked to put the process in writing, I knew nothing about asthma. I had to do my own studies, research, and analysis of Dr. Koder's records, which he graciously made available for me. I have documented Dr. Koder's process in this book to help people, as it was his lifetime mission, which he asked me to continue, based on successful experiences of many people who were treated by Dr. Koder, and many who followed the book. Based on the success and the many testimonials, I found obligated, and am eager to share this with others. Still, how can I enlist your support in helping me to help others by acknowledging the existence of Dr. Koder's treatment?

I can only state the facts, show the testimonials, and provide as many data as possible to convince everyone that **THEER IS HOPE**; That many people have been helped; That the expense of under \$45 for the grain needed for the entire process is nothing compare to the extremely expense medications, and the lose of income because of hospitalization.

Can you afford to ignore the pain, or for an amount equal to one-fourth of an inhaler you have a chance to test this process yourself? Can you afford the side affect of many drugs you are forced to take?

AsthmaGone? How Asthma Symptoms Disappeared In Six Months

FROM THE PUBLISHER

The book reveals how a simple, all-natural food process eliminated symptoms of asthma, bronchitis and irritative cough of hundreds of people in six (6) months, using grain worth only \$45.

The natural grain cooking process, developed by Dr. J. Koder eliminated –in less than six (6) months- all symptoms of hundreds of people who suffered ***asthma, bronchitis, rhinitis, persistent coryza and irritative cough.***

The book also provides important information on the omega oil fatty acids, which have been subject to massive worldwide research in an endless effort to find a cure for asthma. The book includes detailed instructions for the process, alternative easy methods of use, and numerous testimonials from people who used the process. These people and others suffered for many years, until they successfully used this process with the natural grain. One chapter is devoted to asthma and children.

Mr. Joseph Tsiyoni, the author, indicates that the book does not provide medical treatment, but a natural food process. However, he added, ***"I can prove it worked for hundreds people, and even currently people are using the process"***. He raises the question as to whether it is worth \$45 to use a process that may eliminate the asthma and bronchitis symptoms; and "Considering how doctors, hospitals and medications cost, can an asthmatic person afford not to try it?"

Scientists have already discovered the importance of omega oil fatty acids to reduce asthma attacks, as it was published internationally. See ***"SCIENTIFIC DATA"*** below. Also, prestigious asthma organizations recognize the importance of omega oil fatty acids in asthma research and treatment.

Mr. Tsiyoni credits the success of Dr. J. Koder's process to the high amount of omega oils (91%) in the grain, and the cooking process itself.

AsthmaGone? How Asthma Symptoms Disappeared In Six Months

FROM THE AUTHOR

How can I interest you in spearheading the awareness of a simple, inexpensive, all-natural process that can help 30 million people? A proven process that has helped hundreds, as testimonials show, rid themselves of the asthma symptoms.

When Dr. Julien Koder asked to put the process in writing, I knew nothing about asthma. I had to do my own studies, research, and analysis of Dr. Koder's records, which he graciously made available for me. I have documented Dr. Koder's process in this book to help people, as it was his lifetime mission, which he asked me to continue, based on successful experiences of many people who were treated by Dr. Koder, and many who followed the book. Based on the success and the many testimonials, I found obligated, and am eager to share this with others. Still, how can I enlist your support in helping me to help others by acknowledging the existence of Dr. Koder's treatment?

I can only state the facts, show the testimonials, and provide as many data as possible to convince everyone that **THEER IS HOPE**; That many people have been helped; That the expense of under \$45 for the grain needed for the entire process is nothing compare to the extremely expensive medications, and the lose of income because of hospitalization.

Can you afford to ignore the pain, or for an amount equal to one-fourth of an inhaler you have a chance to test this process yourself? Can you afford the side affect of many drugs you are forced to take?

Note that a small publishing company cannot afford, and does not have the time to finance a medical research. You, the one who suffer from any of the problems subject to Dr. J. Koder's cooking process - **asthma, bronchitis, rhinitis, persistent coryza and irritative cough** – is the one who decides how to proceed. Will you risk a few dollars to learn about the process that – as a matter of undisputed and proven fact – had helped hundreds of people – with testimonials on record – or ignore it?

We cannot make any medical claims; but can make statements based on past experience, and results. Indeed, the records show that hundreds of people who severely suffered from asthma, bronchitis, coryza and irritative cough are now free of any symptoms. AS one last wrote to us: **“Now I can breathe”**. Being aware of the severe health condition, the success

of this process, and based on so many testimonials, can you afford to ignore a \$45 expense on the entire quantity of grain needed for the process? And how about the terrible side affect from all the medications you have to take? You are the one who decide if you wish to read the book and to follow the process.

The example of "thank you" letters, along with many telephone calls, represent the historical facts of success of using a natural grain in the process called "**Asthma Care Cooking Process™**". When you read the "scientific Data", you will see that in fact there are many other benefits, including some stated by the American Heart Association as follows:

American Heart Association publication # 50-1524, "Understanding and Controlling Cholesterol"(quote permitted.):

*"Both Polyunsaturated and monounsaturated fats may help lower your LDL cholesterol level when you use them in place of saturated fats in your diet. But it is best to eat only moderate amounts of all types if fat. Recent studies show that foods rich in Omega-3 Polyunsaturated fats offer many benefits. They may help reduce the risk of **coronary heart disease**, sudden death, abnormal heart rhythms, high triglycerides, blood clotting, and some inflammatory and autoimmune disease."*

In summary, the question is whether you can judge the credibility of the process by the information provided here, or you want to continue visiting doctors and ignore this opportunity? Remember it's only entails using PURE NATURAL GRAIN, so nothing can go wrong.

For more information you may contact: tsiyoni@cox.net or joseph@asthmagone.com or call **480-949-0894**.

Re: Dr. Julien Koder's AsthmaCare Process: The 'AsthmaGone'

Dear Mr. Tsiyoni:

I would like to thank you for the opportunity to read your book, and the successful use of Dr. Koder's natural food cooking process. I have suffered from asthma for many years, taking various medications, and with daily use of anti-asthma inhalers. The book is simple and has easy-to-follow instructions. I used the process as instructed. After just two months of eating the natural grain, I had significant reduction of the use of my preventive inhalers. And after another few months, I did not need any medication, and barely use a hand inhaler. I can honestly say that my asthma has gone.

I found this asthma process extremely helpful, and have recommended it to other people. The book offers many easy ways to use the grain, and I selected the easiest way for me to use it. I sprinkle it over food, and add it to juice that I drink. It is very simple and takes a very short time to take it each day.

I am grateful for Dr. Koder's process, and would like to thank you for make it available. I also and let you know that I appreciate for getting my health back.

Thank you very much.

Re: Dr. Julien Koder's Asthu iaCare Process: The 'AsthmaGone'

Dear Mr. Tsiyoni:

I would like to thank you for the opportunity to read your book, and the successful use of Dr. Koder's natural food cooking process. I have suffered from asthma for many years, taking various medications, and with daily use of anti-asthma inhalers. The book is simple and has easy-to-follow instructions. I used the process as instructed. After just two months of eating the natural grain, I had significant reduction of the use of my preventive inhalers. And after another few months, I did not need any medication, and barely use a hand inhaler. I can honestly say that my asthma has gone.

I found this asthma process extremely helpful, and have recommended it to other people. The book offers many easy ways to use the grain, and I selected the easiest way for me to use it. I sprinkle it over food, and add it to juice that I drink. It is very simple and takes a very short time to take it each day.

I am grateful for Dr. Koder's process, and would like to thank you for make it available. I also and let you know that I appreciate for getting my health back.

Thank you very much.

3rd LETTER

Dear Joseph:

Just wanted to write a testimonial stating how wonderful "Dr. Koder's Asthma Process" is, and how the grain worked wonders for my 6-year-old son, Michael. After reading your "Asthma Gone" book and following the directions on how to take the grain, my son's asthma in six months seems to be totally GONE.

Before taking the grain--being that my son had asthma--every time my son would catch a cold it would settle in his chest. He would have to be on the nebulizer (albuterol) and or steroids for weeks at a time. And then for preventive maintenance he would have to be on pulmicort. Now he takes nothing but the grain. THANK YOU VERY MUCH. So far he has taken no more prescription medications.

I would be remiss if i also didn't give credit to a homeopathic doctor (kiniesologist) who recommended my son get off all gluten and milk products of allergies. So I am sure the combination of everything made a difference.

Sincerely,

James Maat

From: Mr. & Mrs. A. Dahan

Dear Joseph:

We can't find enough words to thank you for the opportunity of using your book regarding the cooking process of the natural grain for the asthma disease, which created miracles for our son, who has recovered from his severe illness, which he had been suffering from since birth.

After we read the book, we were extremely surprised to find out how simple it is. Six months ago we were hopeless. Then, we started the process of six months as the book indicates. We felt significant changes in the child's condition in the first month.

The cough stopped gradually, and the medications which he was taking were gradually reduced. Today, after six months, our son does not need any inhalations or Betnizol treatment. He does not cough, and feels wonderful.

We are grateful to you for succeeding with such a simple method of writing this book of cooking the natural food to bring it to our attention, and thus heal our son. Without doubt, the process developed by Dr. Julien Koder is a perfect success.

We hope you will continue to help more people who suffer from the asthma disease, and to bring to their attention that there is a solution to the disease.

We thank you from our heart.

Sincerely yours,

Ayelet and Avi Dahan

MORE TESTIMONIALS

Ms. Mother KC.

My son suffered from asthma from childhood, which became severe. He needed to be at ER almost every other day. He also needed an electric inhaler three times a day. After only 5 months of using Dr. Julien Koder's AsthmaGone process, any and all asthma symptoms disappeared, and since he never ever again needed any medications, nor he remembers he ever had an asthma. I am re-writing this letter ten years later to indicate again that the process was extremely successful, still no one ever remembers my son had any asthma. There is no way to thank enough anyone involves, because no words can truly express our appreciation. You can use this letter as a reference, so that any skeptical person knows this is real. Many thanks.

Mr. M. RICHMAN

"Dr. Katlanski from Chadera diagnosed allergy and sensitiveness in the symptoms and since I received anti-histamine, antibiotic, various syrups...despite everything, the cough remain. Lately (during the last six months) Dr. Koder gave me the grain in the quantity of two full spoons every day. There was a surprising changes in the condition that lasts more than 30 years. Immediately within a few days the night cough stopped, and thereafter improved until all the above mentioned symptoms have disappeared in day and night."

MRS. DR. JULIEN D. KODER: Dear Joseph:

Having known you for more than 22 years, I would like to confirm that I permit you to use my husband's name in regards to the asthma treatment he developed in the 1940's. Having been taught the asthma technique by Dr. Koder personally, and having used it for close family members, I am glad that you intend to help many people with their asthma and various respiratory and coughing problems. That was my husband's goal and it is good to know it will be continued.

After my husband passed away I found a few of the many letters of appreciation from patients, and I am sending them to you. These are only some out of many patients who were treated by him with the asthma technique.

I appreciate the dedication to Dr. Koder, and wish you the best.

Sincerely,
Mrs. Julien D. Koder."
